## CORE CAPABILITIES

- AmeriCorp International Group has organic local capabilities and a well-established global and Afghan network of service support partners which together insure a strong and secure base for meeting client needs in Afghanistan. AmeriCorp International Group can facilitate customer personnel logistics to include deployment, full medical preparation, equipment issue, and redeployment. AmeriCorp International Group's in-house procurement team coupled with its secured Afghan warehouse facilities and robust in-country transportation assets can rapidly source and deliver equipment and materials to customers and subcontractors.

**AIG HAS THE LOCAL NETWORK  
AND INTERNATIONAL  
EXPERIENCE FOR HIGH LEVEL  
PROTECTION DETAILS  
THAT IS UNMATCHED**

- AmeriCorp International Group has over fifteen years of experience providing Force Protection (FP) Services in Afghanistan, emphasizing unobtrusive control and leverage of personnel and equipment assets, constant observation of the security environment and focused attack recognition.
- AmeriCorp International Group is associated with numerous distinguished companies across the globe. AmeriCorp International Group provides services that meet or exceed international standards.
- AmeriCorp International Group is one of the major importers of high-quality fuels into Afghanistan. AmeriCorp International Group' transportation services are tailored to fulfill fuel needs across Afghanistan including all of its provinces, districts and villages. AmeriCorp International Group is equipped with up to date fuel delivery systems and facilities, to include its fleet of tankers, each capable of carrying up to 60,000 liters of fuel and well protected storage facilities in Kabul having a total capacity of 20 million liters.
- AmeriCorp International Group supports depot and forward maintenance of a variety of commercial and military systems.
- AIG-SYS meets international standards for worker safety and environmental management.
- AmeriCorp International Group supports both vertical and horizontal construction.
- AmeriCorp International Group has the accumulated experience of more than 60 years in the delivery of security and force protection services, full spectrum logistics, installation support and sustainment.
- AmeriCorp International Group focuses on sustainment support for deployed US Armed Forces, other US Government Agencies, NGO's, and ex-pat service and supply contractors.
- AmeriCorp International Group has long-standing relationships with Afghan business and government agencies.
- AmeriCorp International Group' record of "on time delivery," the utilization of performance-based metrics and rigorous cost control and containment" measures are in line with customer needs.
- AmeriCorp International Group is fully conversant with USG DoD and GSA acquisition regulations and can certify as a US based logistics company.
- AmeriCorp International Group exemplifies "on the ground" management by former senior US military logistics leaders who work with both fully "vetted" local contractors/personnel and with a highly experienced and dedicated international workforce. AmeriCorp International Group leadership and critical personnel have appropriate US security clearances.
